THE L. & N. PICNIC.

EVANSVILLE'S TWO HUNDRED PICKNICKED AT LAKESIDE PARK, SATURDAY, THE 7th INST.

INVITED FRIENDS IN EARLINGTON SHARED THE DAY'S PLEASURES WITH THEM—DICKSON'S "ANNUAL ROUND-UP" WAS A DAILY.

This picnic, which has now become an annual, so to speak, was inaugurated three years ago, by Col. F. Dickson, the popular chief of the Henderson and St. Louis division of the L. & N. system, whose headquarters are at Evansville.

For three years in succession has this company brought its employees in that city and at Howell, or least as many as could be brought, to the lakeside to work on. Each and everyone is given the privilege to invite a limited number of their friends, and in this way is gotten together as merry, jovial and good-natured a party of pleasure-seekers as one's eyes could wish to behold. On their arrival here they were joined by invited guests of the city, and the St. Bernard Brass Band, equal always to emergencies of this kind, was out and did well in part toward giving the visitors a cordial reception.

The party arrived here about 9:30 a. m., by special train, and from that time until the hour of their departure, 5:30 p. m., Earlinton was imbued with new life. Boating, fishing and dancing were the principal amusements of the day.

The dinner prepared for this occasion was certainly one long to be remembered by all who were there to partake of it. The wigwag dispenser of sweetmeats and ice cream deserves more than passing notice as such times and places he is an absolute necessity. He is handy to have around—taken as you find him he is an all-around picnic man.

LOCAL BUZZINGS.

News Notes—Personal Paragraphs and Other Doings at Home Worthy of Special Mention.

A beautiful assortment of flowers at W. C. McLeod's.

Rev. Cheek filled his regular appointment here last Saturday night.

Try the Paragon Ham. Best on earth. For sale at all leading groceries.

Whalen's hotel is under headway and will soon be ready for the reception of guests.

The Good Templars of this place held a called meeting last Sunday and several candidates were initiated.

The shipment of strawberries on the Memphis division is the source of considerable revenue to the L. & N.

Ross Davis left for Howell, Ind., Monday night. He goes there to accept a position in the paint shops of the L. & N.

The Home Dramatic Club produced "Uncle John" at St. Charles, Tuesday night. A few dates are now open for further engagements.

The district lodge of I. O. G. T. met this week at St. Charles. District Chief Temple Hill and quite a number of delegates were in attendance.

The "Uncle John" company will reproduce that excellent play on Saturday night, May 14th. Admission, 10 cents. Everybody should attend.

Among those present at the L. & N. picnic last Saturday were B. F. Dickson, superintendent; E. H. Mann, assistant superintendent; Lee Howell, general freight agent; John N. McCoy, paymaster; Agent Demp, Messrs. McPherson, French and others.

Gianini & Gilmore, both home people, have purchased a four thousand dollar steam wagon, which they have located here for a short time, and will then make a tour of the country. Our citizens should encourage the boys by a liberal patronage of their "merry-go-round," and start them off with the assurance that they have the good will of the people. Their apparatus is the handsomest one of the kind ever seen in this part of the country.

ABOUT PEOPLE.

If you have any visitors send their names for mention in this column. We will appreciate the favor.

Hop's man in town Saturday.

Miss Annie Masie, of Dawson, is visiting Miss Edie Harrison.

Paul M. Moore, Walter Beck and Walter McGary were in Louisville Saturday and Sunday.

Mr. and Mrs. Homer Fauntleroy and Miss Rossie Figley attended the picnic Saturday.

Miss Lizzie English and Dr. W. F. Ross drove from Madisonville last Saturday to try our lake.

Miss Mary Doris returned home Saturday, after a visit of several weeks with friends in this city.

A. J. Meddor, wife and little son, of Hopkinsville, spent Sunday with W. F. Anderson and family.

Mr. and Mrs. H. H. Holeman and Miss Whipple of Madisonville, were guests of Mr. and Mrs. J. B. Atkinson, last Saturday.

Our postmaster is still confined to the house, unable to attend to his official duties. His health is improving, however, and he will probably be out in a few days.

SHOT THROUGH THE FOOT.

While Playing With a Gun Joe Cook, a Boy About 13 Years of Age Receives a Painful Injury.

Joe Cook, Neal Addison and Ade Vincent, three boys inclined to be too ventures at all times, have of late been devoting their time Saturdays and Sundays to target shooting. At their accustomed haunts, last Friday, near the old railroad pond, one mile south of town, enjoying their sport, the first named was shot through the foot, and it is said by the attending physician, a pistol in his hands. A colored man passing on horse-back discovered the trio, two of whom were doing all in their power to relieve their companion's pain. The boy was brought home and is now in the family physician's care. Probably he would have died to death had he not received assistance at the time he did.

Moral—The small boy and his pistol should be kept far apart, and away from doing harm.

"Uncle John."

Last Friday night Masonic Hall was filled with people to witness the Home Dramatic Club render the familiar play of "Uncle John."

The company did exceedingly well for amateurs and elicited applause from the audience.

At the close of the evening's entertainment, Miss Whipple gave an exhibition of club swinging and Delsarte movement, and received prolonged applause.

The company played at St. Charles Tuesday night.

By request the play will be reproduced next Saturday night for the benefit of the children, when an admission fee of only ten cents will be charged.

DEATHS.

Belle Browning, wife of Walter J. Dulin, died at an early hour Sunday morning, of consumption. Deceased was 21 years of age, and leaves a little babe six months old.

The bereaved family in this hour of their affliction, have the sympathy of the entire community. The remains were buried Monday afternoon in Odd Fellows Cemetery, at Madisonville.

Little Lottie Hoffman died last Tuesday morning, of heart trouble, due primarily to pneumonia, and her soul has winged its light to her mother's in the world above. Lottie was about 12 years of age; she is the daughter of Dr. Hoffman, of Madisonville, and her face will be missed in her playmates and friends, but she is now in a far happier home.

All of the work left with W. C. McLeod will receive prompt attention. He is agent for Madisonville Steam Laundry.

MADISONVILLE.

A CONCISE NARRATIVE OF THE CITY'S DOINGS FOR THE WEEK.

The streets are dirty again. Last Monday was county court day. The fish market was active Saturday. We are badly in need of a street sprinkler. Robinson's circus exhibited at Henderson Saturday.

Five new students entered Hopkins College this week.

A few people from this place attended the picnic at Earlinton last Saturday.

Percy Cunningham has severed his connections from the Madisonville Steam Laundry.

Fond River is out of its banks and traffic on the bridge between this city and Greenville is suspended.

According to the agreement the dry goods stores will remain closed after 7 o'clock, p. m., until October 1.

The Madisonville Coal Company will have an uptown office next door to Figley's jewelry store, on Main street.

Madisonville was a wet town Monday. Rhea & Co., opened their saloon and Klynn's bar was thrown open to the thirsty throngs.

One of Baxter Ashby's spirited horses attempted to test his speed up Main street Saturday, but was stopped before he reached the city, and the St. Bernard Brass Band, equal always to emergencies of this kind, was out and did well in part toward giving the visitors a cordial reception.

The party arrived here about 9:30 a. m., by special train, and from that time until the hour of their departure, 5:30 p. m., Earlinton was imbued with new life. Boating, fishing and dancing were the principal amusements of the day.

The dinner prepared for this occasion was certainly one long to be remembered by all who were there to partake of it. The wigwag dispenser of sweetmeats and ice cream deserves more than passing notice as such times and places he is an absolute necessity. He is handy to have around—taken as you find him he is an all-around picnic man.

The usual amount of love-making, too, was indulged in, as a matter of course, a certain of that is always expected where so much feminine beauty abounds and masculine gallantry is near at hand.

It can be truly said the day was pleasantly spent and that the day was not a waste of time, but a repetition of the same a year hence.

A BRUTAL FIEND.

MAJOR HENDRICKS, A NEGRO WHO HAILS FROM TENNESSEE.

ATTEMPTS TO KILL HIS OWN BABE.

AND SISTER-IN-LAW—THE WOMAN SEVERELY, THOUGH NOT MORTALLY INJURED—

THE CHILD IN A CRITICAL CONDITION.

This city was in a state of intense excitement last Saturday. Major Hendricks, a negro brute in human form, made a violent attack on his sister-in-law, Mrs. Gilmore, who at the time of the assault, held in her arms the infant daughter of her sister.

This so angered Hendricks that he made a lunge at the woman with a knife, and she in her efforts of self-defense, let the babe fall to the floor, whereupon Hendricks mercilessly stamped his own child—a four months old babe.

The woman was severely, though not fatally injured, and the child may possibly recover. The swart brute had been with her and child, and he in company with his wife refused to do.

In order to prevent further anger he committed the act related above. After the occurrence he fled to parts unknown, and up to date has not been captured, though much effort has been made toward that end.

FREE CONCERT.

The St. Bernard Band will dispense music on the grounds adjacent to Gianini & Gilmore's steam riding gallery, next Saturday night. Then will be the time for the children to enjoy themselves. Don't miss this opportunity to have a good time. The riding gallery was never more popular than now—everybody rides.

A pain in the side or back and spots on the face indicate kidney and liver disorders. Mr. Geo. P. Eckes, Lorens, Va., says: "I had kidney trouble for over two years. Have tried different kinds of kidney medicine, but got no relief. I was not able to ride horseback, and scarcely able to attend to my business. I commenced using Lightning Kidney and Liver Remedy, and before I had used one bottle I began to improve. I have taken four or five bottles and am almost cured." For sale by all dealers.

The Favored Classes.

Teachers, ministers, farmers, mechanics, merchants, as well as their wives, daughters and sons, who would like to devote at least a part of their time and attention to a work that would bring them in a lot of ready money during the next few months, would do well to look up the advertisement of B. F. Johnson & Co., Richmond, Va., in another column, as it may be the means of opening up to many new life and larger possibilities. These gentlemen have been extensively and successfully engaged in business for many years, and they know what they are talking about when they tell you they can show you how to better your financial condition.

Such little complaints as heartburn, headache, toothache, sour stomach, etc., are not often fatal, but very annoying. All such troubles are quickly cured by Lightning Hot Drops. Mr. A. C. Rayner, Shops, W. Va., says: "I have been afflicted with heartburn and sour stomach for four years. Found no relief until I used Lightning Hot Drops. I can honestly say that Lightning Hot Drops has cured me entirely, 25 and 30c bottles. For sale by all dealers."

The Madisonville Steam Laundry will hereafter be represented in this city by W. C. McLeod.

BASE BALL.

It was a "rocky" game, replete with errors on the part of the Eclipse. The Bailey's played well. Only five members of the Eclipse showed up, and four soft-handed cranks were substituted.

The contest began at 3:45 with M. H. Holeman and I. Bailey as umpires, the Bailey's in the field, and Scott and Robinson holding points for same.

Gough led for the Eclipse with a single to left, followed by McGary, who moved him to second and reached first in safety. Pratt, in an attempt to fill the bases, bunted the ball and died at first.

Then came a disgraceful exhibition of atmospheric fanning. The boys batted enough air currents toward the left field fence to make a small-sized cyclone.

The Bailey's tried their hand with the stick and pounded the ball all over the lot and fielders were given a grand opportunity to exercise themselves. Every member of the Eclipse had a chance to try his strategic skill in the box, and everyone who tried it was convinced that he was no pitcher.

Only eight innings were played, but before the close Berry declared he had enough and threw up the sponge in disgust. The feature of the game was the catching of the Bailey's, catches of Harvey and Nisbet, and the errors of the Eclipse.

Attendance, 2,000. Time, 3:30. Below is the score:

Innings 1 2 3 4 5 6 7 8
Eclipse 2 0 1 0 0 2 0 2 7
Bailey's 2 2 5 3 1 3 1 1 19

HENDERSON 10, EVANSVILLE 4.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by HARRY CATARRH CURE. Send for circulars, free.

Sensation

OUR TIES AND COLLARS MAKE A SENSATION.

We don't mean to intimate that they are offensively loud and glaring, that they are as brilliant as a peacock's tail or that the wearer will attract anything in the nature of undue attention. What we do mean to say is that scarfs, puffs, knots, tecks, four-in-hands, and all other varieties, can be found in greater profusion and at smaller prices in our men's furnishing department than in any other place on the globe, explored or unexplored. Perhaps you'll call that a trifle emphatic! Well, you can never be too emphatic about the truth.

Take your wash to the Madisonville Steam Laundry. Improvements have been made in the dye works—new machinery and an almost new outfit.

We could not say more in praise if we emptied a dictionary on them. There is only one thing that can possibly be added and that is their cheapness.
